TO DEATH BAREFOOT.  
A DWARF CAN KILL.  
SAFER FLYING.  
OLD MAN'S MONEY.

—By Arthur Brisbane—

LOS ANGELES, Jan. 31.—In Or-  
leans yesterday, Augustine  
Agguc, 27 years old, who killed her  
mother to get the mother's farm,  
was sentenced to death. In accord-  
ance with the Napoleonic code,  
seeking to humiliate and punish  
more severely those that murder  
their parents Augustine will walk  
barefoot to the guillotine.

Interesting historical contrast be-  
tween her death and that of Joan  
of Arc, the maid of Orleans. One  
walks to the guillotine barefoot, the  
other walks barefoot to the stake,  
burned alive for saving her coun-  
try.

In New York, a dwarf only four  
feet high, Peter Arata, is sentenced  
to death for murder.  
The modern "automatic" pistol  
makes it easy for Peter to kill. In  
ancient days, when men fought  
with clubs, maces and swords, he  
would only have been a jester, too  
small to murder.

Similarly a small nation, as small  
as Hungary, or Holland, Switzer-  
land, in the days of flying ma-  
chines and poison gas might be the  
most efficient international killer  
in the murder game of war.  
Conditions change. A five-pound  
baby taken up in an airplane might  
release a poison gas bomb that  
would kill 500,000 in a big city.

Mr. Young, assistant secretary of  
the department of commerce, an-  
nounces that passenger airplanes  
must carry two-way radio facilities  
to receive weather information and  
send emergency messages.

Presently more powerful en-  
gines, bigger ships, better under-  
standing of the air navigation, will  
eliminate the importance of sea-  
ther conditions.

Meanwhile, the government, not  
youthful enthusiastic pilots, should  
decide on flying or not flying.

A pilot, with youth's dread of be-  
ing called "yellow," is inclined to  
risk any weather. At every airport  
where passengers depart, the ques-  
tion "to fly or not to fly" should be  
left to some solemn person, not a  
pilot and not influenced entirely  
by the passengers' safety.

Mr. B. C. Forbes, asking him-  
self, "What is this all about?" then  
terrible strenuously and strain? As  
he talked to George F. Baker, rich-  
est banker in the world, says of a  
certain multimillionaire, not Mr.  
Baker, that he would "trade all his  
riches for youth."

The multimillionaire thinks he  
would do it but he wouldn't.

A man like Edison might desire  
renewed youth, to live another life  
of useful invention. But a man who  
has only made money would be  
loath to live his life again.

An intellectual man after working  
hard through a lifetime would not  
go back to the gate by which he en-  
tered, but rather look to the door at  
the far end of life, as a trained dog  
in the show yards for the moment  
when he may get down on all fours  
and trot off the stage.

Old men cling to money that pro-  
tects them from the rough world. It  
is the one reality extracted from  
life's unreal dream.

A fortune to an old man is like  
an oyster's rough shell to the oyster,  
a protecting reality taken from the  
waters of life's changing sea.

Industry, railroads and agricul-  
ture declare that immigration from  
Mexico is necessary to prosper.  
It is suggested that Porto Ricans  
living in territory owned by the  
United States, therefore "Americans,"  
be brought in to make good the  
labor shortage.

As regards Filipinos, victims of  
savagery attacks, it should be re-  
membered that they are in this  
country legally, and therefore en-  
titled to live and work, and should  
have protection.

A question that suggests itself to  
many is this:

Why not modify restrictions  
against European immigration and  
allow the country to be built up in  
the future as it has been in the  
past, by ambitious, enterprising  
youth from European countries?

Alister O. MacDonald, son of Brit-  
ish labor prime minister, is on his  
way here from Chicago, setting  
a good example by flying.

The intelligent young man in-  
tends to study Hollywood, and west-  
ern architecture.

## 2 Are Victims In Dayton Accidents

Dayton, O. Jan. 31.—Nicholas  
Scott Howard, 80, is dead, and six-  
year-old Wayne Gras is in a hospi-  
tal here today as the result of two  
automobile accidents.

Howard received fatal injuries  
when he was struck by an automo-  
bile while he was crossing the street  
near his home Monday. He died  
early today.

The boy is in a critical condition  
in a hospital with a fractured skull  
and other serious injuries which he  
sustained when his sled ran into an  
automobile.

## STATE OFFICIALS ACCUSED DURING LIQUOR HEARING

Federal Attorney Creates  
Sensation In Initial  
Court Argument

PROMISES TO SHOW  
MANY ARE INVOLVED

Sheriff Named In Expose  
In Courtroom; Many  
Others Mentioned

Oklahoma City, Okla., Jan. 31.—  
The first government witnesses were  
called today in the Seminole oil field  
liquor conspiracy trial in federal  
court here to substantiate the open-  
ing statement of Assistant United  
States Attorney, Herbert K. Hyde.  
"The stream of justice was polluted  
in Pottawatomie county from the  
constable to the state capital."

State official circles were highly  
excited over Hyde's assertion, which  
came wholly without previous in-  
timation, that government evidence  
would show a substantial portion of  
the huge sum alleged to have been  
collected by the oil field "rum-  
racketeers" found its way to the  
state house in Oklahoma City.

Paints Vindictive  
The young prosecutor, who before  
joining the district attorney's office  
here, was private secretary to Unit-  
ed States Senator W. B. Pine of  
Oklahoma, painted a vivid picture  
of the prospective evidence.

He promised testimony showing  
that from the fall of 1926, when the  
Seminole area began approaching re-  
cord as the world's greatest light  
oil field, to September, 1929, it was  
the headquarters of a gigantic liquor  
manufacturing and distributing sys-  
tem, with huge stills, some of them  
adjoining Grady county, and that  
the system had 171 retailing estab-  
lishments and truck lines to Okla-  
homa City and elsewhere.

He named Frank Fox, former  
sheriff; Randall Pitman, the pres-  
ent county attorney; Homer Knap-  
berger, former mayor of Enid, Okla.,  
and Clarence Burdette and  
Marion Fuller, former Earlboro po-  
lice chiefs, as kingpins in the  
racket organization collecting from  
\$2,000 to \$4,000 a week from boot-  
leggers in protection fees.

Girl To Testify  
A ten-year-old girl, with a negro  
mother and a Seminole Indian father,  
would testify, Hyde said, that  
the collector, making his weekly  
visit, broke her bank for pennies to  
eke out the weekly license fee for  
the family beer joint.

Aged parents would tell from the  
stand, the prosecutor asserted, that  
when they complained to Sheriff  
Fox that their sons were acting as  
collectors, Fox retorted: "Sure, I'm  
hiring them for that purpose."

Money collected from bootleggers  
was frequently divided in an office  
at the Pottawatomie county court-  
house in Tucumseh, Hyde said the  
evidence would reveal.

## MAYOR REPORTS MONTH'S FINES

\$202 Collected by Official  
In First 30 Days In  
City Position

Fines, costs, issuance of licenses  
and building permits netted the  
city's treasury a total of \$202.25  
during the first month of Mayor  
John M. Davidson's administration.  
Davidson's monthly financial re-  
port stated today.

Fines during January amounted to  
\$111.25 while costs in criminal  
cases totaled \$29.20. Ten build-  
ing permits and licenses to value of  
\$62 were issued.

Twenty-two cases were tried by  
the mayor during the month. Nineteen  
pleads of guilty were entered.  
One offender was found guilty on  
trial, one action was dismissed and  
another was never brought to trial.

## Committee Meets On Lighting Problems

Service Director C. R. Reich, City  
Engineer F. S. Barkhoff, members  
of the lighting committee of Salem  
city council, with Harry Huffman,  
local manager for the Ohio Bell  
Telephone company with representa-  
tives of the telephone com-  
pany from Akron, had a dinner  
meeting Thursday evening at the  
Schafer Greenroom.

These officials met to devise some  
plans whereby the hazards of the  
city light wires and the telephone  
wires, coming in close contact with  
each other, might be eliminated.

## Falls From Bridge

Gallipolis, O. Jan. 31.—Attemp-  
ing to dodge an automobile that  
was nearing him, proved fatal to-  
day for Eugene Collins, 70, of Crown  
Point, near here, when he acci-  
dentally stepped off a bridge. He  
was killed by the fall.

noted English statesman, arriv-  
ing on the S. S. Andania to lecture  
on naval armament, peace, prison  
reform and conditions in India. It  
will be remembered that Brokway  
defeated Winston Churchill by 23  
votes in the last general election at  
Westminster.

## Centenarian Struck By Truck; Unhurt

New York, Jan. 31.—The  
first 100 years are the hardest,  
according to Francisco Bog-  
giomo, and he should know.

He celebrated his 100th  
birthday last September. Yester-  
day he was strolling along  
thinking about whatever cen-  
tenarians do think about,  
when a huge truck knocked  
him down.

Bystanders thought Bog-  
giomo was dead but the 100-  
year-old man just hopped to his  
feet and started in doing  
setting up exercises to show  
police who wanted to send  
him to a hospital, that every-  
thing was okay.

## TEN BUILDING PERMITS ISSUED

Minor Construction Work  
In City During First  
Month of Year

Ten building permits for con-  
struction projects estimated to cost  
\$5,010 were issued by Mayor John  
M. Davidson during January. None  
of the permits called for a project  
involving expenditure of more than  
\$2,500.

Permits were issued as follows:  
Brooks' estate, remodeling of Sa-  
lem Hardware, South Broadway,  
\$1,500; Charles H. Bumbaugh,  
Fourth st., chicken house, \$100; M.  
E. Berger, 679 East Fifth st., garage,  
\$120; Willis Stamp, 889 West Persim-  
mon, remodeling, \$100.

church, remodeling work on build-  
ing on East Second st., \$500; J.  
Meyer, 138 Ohio ave., remodeling,  
\$100; J. E. Henderson, Arch st., re-  
sidence, \$2,500; H. E. Glicker, Evans  
addition, remodeling, \$100; Em-  
manuel Marosch, 290 East High,  
remodeling, \$125; W. H. Cleland, re-  
model grocery store at corner of

## ARCHITECT DIES UNUSUAL DEATH

Mustard Plaster Pata' To Man In  
Pennsylvania Hospital; Burns  
Result In Cure Attempt

Philadelphia, Jan. 31.—Frank A.  
Hays, 60, a well-known architect,  
died early today in the Jefferson  
hospital, from burns which were  
caused by a mustard plaster which  
he had kept on his back too long.

The cause of his death was one  
of the most unusual ever to come to  
the attention of medical men here.  
On Jan. 20, Hays was found un-  
conscious and apparently in great  
pain. A thorough examination re-  
vealed his agony apparently was  
caused by a plaster on his back.

Further investigation revealed he  
had placed the plaster on his back  
almost a week before in an effort to  
cure a backache. His ailment  
he forgot about the plaster and was  
burned internally.

## TAX LEVY FOR COUNTY USE SHOWS DECREASE; HIGHWAY FUND LOWER

Lisbon, Jan. 31.—Rates and ap-  
propriations in Columbiana county  
for the current year have just been  
announced by County Auditor El-  
mer E. Walker, and the data fur-  
nished by that office for the infor-  
mation of tax payers shows that the  
present value of all taxable prop-  
erty in the county is \$123,762,310.

The tax levy for county purposes  
is 70 mills less than it was last year.  
The county commissioners will have  
approximately \$140,000 less money  
for road purposes this year than  
they had available in 1929, the  
statement shows.

Total state and county rate of  
taxation levied this year is \$5.45  
per thousand, and by subtracting  
this amount from the tax rate of  
any taxing division gives the part  
of the total tax rate levied by lo-  
cal taxing bodies.

No allowance is made in the fig-  
ures presented by Walker for de-  
creases in value of property or un-  
paid taxes.

List Present Levies.  
Present state levies are:  
For World War compensation,  
rate 25 mills and producing \$30,-  
940; state office building, rate 30  
mills producing \$24,752. The total  
state rate is 45 mills and producing  
a total of \$55,692.

This amount is paid to the  
State of Ohio. The rate, however, is  
30 mills above the rate for last  
year.

Present county levies are:  
General fund, rate 234 mills pro-  
ducing \$290,841; road fund, rate 150  
mills producing \$185,841; debt fund  
rate 1.15 mills producing \$142,326.  
This makes the total county rate  
1 mills which produces \$618,810.

County receipts in general fund  
from other sources than taxation  
are approximately \$130,624.

The amount available for approp-  
riation in the general fund has  
been listed as from taxes \$290,841,  
plus \$130,624 from other sources  
giving a total of \$421,465.

This amount is appropriated as  
follows:  
General, executive, advertising,  
assessing property, etc., \$95,915;  
sections \$19,500; courts, \$66,175;  
sheriff, assistants, supplies and ex-  
penses \$18,495; county home \$37,-  
140; children's home \$28,000; blind  
pensions \$13,000; mothers' pensions  
\$14,000; clothing for inmates state  
institutions \$21,100; soldiers' relief  
\$10,025; general engineering \$26,365,  
and buildings and grounds \$17,900.

Agricultural societies, farmers'  
institutes, county agent and the  
home demonstration agent require  
\$9,000. There are also miscellaneous  
expenses amounting to \$9,000.

## COUNTY RAISES PENSION FUNDS

\$37,000 Needed Each Year  
To Meet Demands Made  
In Columbiana

Lisbon, Jan. 31.—Columbiana  
county raised \$37,025 for pension  
purposes during 1929 it has just  
been revealed, and it is recalled that  
rarely a week passes but what ap-  
plication is made in probate court  
for relief through these sources.

For the blind pension fund this  
year \$13,000 is to be raised through  
a tax levy and for the mothers' pen-  
sion fund a total of \$14,000 is to be  
obtained. In addition to these two  
relief measures as provided by law,  
\$10,025 is to be raised for soldiers'  
relief. On top of this total \$19,000  
is to be raised for the care and main-  
tenance of tubercular patients from  
Columbiana county in accredited  
institutions. In other words, \$50,000  
is to be provided for relief purposes  
in the country this year.

## EXPECT ARREST OF MURDERERS

Police May Know Man  
Who Killed Cab Official  
And Driver

Chicago, Jan. 31.—Police spread a  
city-wide dragnet today for Robert  
Schmidt, reputed gangster, whose  
arrest has been ordered in connection  
with the murder of Barney J.  
Mitchell, treasurer of the Checker  
Taxicab company, and George  
Jackson, his chauffeur.

The two men were slain yesterday  
in Jackson's cab when Mitchell was  
returning home from an all night  
champagne party of Checker com-  
pany officials.

Schmidt, Lieut. John McGinnis  
said in ordering his arrest, was re-  
puted to have been employed by an  
office of the Checker organiza-  
tion. McGinnis refused to say what  
evidence he holds.

Schmidt's police record has twice  
linked him with Eugene (Red) Mc-  
Laughlin brother of Robert Mc-  
Laughlin, Checker president at  
whose home the champagne party  
was held.

Police believe the assassins lay in  
wait to kill all the departing guests,  
but Mitchell was the only one who  
left, the rest remaining until dawn.

## ROPE BREAKS IN EXECUTION

Condemned Man Falls To Floor As  
Trap Is Sprung In Prison;  
Repeat Performance

Baltimore, Jan. 31.—John Jack-  
son, 56, Negro, mounted the con-  
demnation scaffold in the Maryland pen-  
itentiary today to be killed  
for murdering two negroes.

The trap was sprung and the Ne-  
gro's body fell through the trap,  
swung momentarily on the end of  
the rope and fell to the floor. The  
rope had broken from the ceiling.

Another rope was quickly pro-  
cured, fastened to the prisoner's  
neck, and once more his body shot  
through the trap. It hanged there  
until a physician said life was ex-  
tinct. The warden believed Jack-  
son's neck was broken by the first  
shock.

## Awards Presented To Salem Gridders

Presentation of gold and sil-  
ver football awards was made  
to members of the Salem High  
school football squad by Mayor  
John M. Davidson at a student  
assembly at the high school  
auditorium this morning.

Twenty gold and 30 silver  
trophies were presented to the  
players. They were purchased  
by voluntary donations of  
football fans.

Presentation was made as  
a result of the team's record  
season last year, during which  
it won 11 consecutive games.

## OHIO EXAMINER FILES CHARGES AGAINST MAYOR

Claims Fines Paid Were  
Not Entered Upon  
Court Docket

Columbus, O., Jan. 31.—Claims  
that R. P. Andess, as mayor of the  
village of Loudonville, Ashland  
county, failed to enter upon his  
criminal docket certain fines and  
costs collected; that in some in-  
stances the amounts entered upon  
the docket were less than the  
amounts actually collected, and that  
fines and costs were not deposited,  
are contained in a report which was  
made public here today by State  
Auditor Joseph Tracy.

The report covers an examination  
of the public records of the villages  
of Ashland county by State Ex-  
aminer Elmer A. Zook for the period  
from March 25, 1927, to November  
12, 1929.

Declaration that Mayor Andess  
owed the village \$239.45, as fines  
and costs collected in ordinance  
cases and owed Ashland county  
\$109.55 as fines and costs collected  
in state cases, is embodied in the  
report.

The report stated that these fines  
and costs totaling \$409 had not been  
deposited and that the mayor did  
not enter them on his books. The  
mayor, according to the report, told  
Examiner Zook that he (Andess)  
was willing to pay these amounts,  
with certain exceptions, but that he  
was unable to account for "cases  
wherein no record was found on  
file, not being entered on his criminal  
docket."

Mayor Andess said he was of the  
opinion that papers relative to these  
cases "must have been lost or stolen"  
from his files. The mayor, also, is  
credited with having stated that it  
was "just a mistake" in making the  
entry on the docket in cases where  
the amounts assessed against, and  
collected from, defendants were ex-  
ceeded by the amounts paid, as set  
forth in affidavits obtained by Ex-  
aminer Zook from various persons  
adjudged guilty of violating state  
laws and village ordinances.

## FREEDOM SHORT FOR OHIO YOUTH

Dashes Away From Officers After  
Sentence; Dodges Bullets  
But Is Captured

Dayton, O. Jan. 31.—Hubert  
Burns, 29-year-old convicted auto-  
mobile thief, is back in his cell in  
the Montgomery county jail here  
today, after only one hour of free-  
dom.

Burns escaped from Deputy sher-  
iffs as they were returning him to  
the jail yesterday following his sen-  
tence of one year in the Ohio state  
reformatory at Mansfield, which was  
given by Judge W. W. White.

On the way back to the jail, one  
of the deputies said, "Well, it won't  
be long before you are free again."

"No it won't," the youth shouted  
as he whirled about and fled down  
the street. The officers fired sev-  
eral shots at the fleeing prisoner,  
but none of them found the target.

Burns was captured one hour  
later in a weed patch near the Bal-  
timore & Ohio railroad tracks.

## Find Flier's Body At Bottom of Lake

Rome, Jan. 31.—The body of the  
famous Italian flier, D'Al Molin who  
lost his life recently when his plane  
dove into the waters of Lake Garda,  
was recovered from the lake bottom  
today.

Divers found the body at a depth  
of 330 feet. D'Al Molin made the  
best showing of all the Italian fliers  
competing with the British in  
the speed tests for the Schneider  
cup last year.

## Snow Melts

New York, Jan. 31.—Snow which  
fell steadily during the previous 12  
hours had melted today, leaving the  
streets with only a thin layer.

## Well Known Civil War Veteran Dies

Columbus, O. Jan. 31.—Taps were  
sounded here today for James  
Bruen Fisher, 87, Columbus' last  
surviving Civil War veteran of the  
battle of Gettysburg.

Fisher enlisted at the age of 17,  
and served three years, 1861-1864,  
in the 4th Ohio volunteer infantry.  
Among the battles in which he saw  
action were Fredericksburg, Chan-  
cellorsville, Gettysburg and in the  
"Wilderness Campaign" which ul-  
timately ended in the surrender of  
Lee.

Fisher was born in Marion, O.,  
October 29, 1843.

## STATE REPORT SHOWS RABIES WAS PRESENT

Two Persons Were Bitten  
In County By Mad  
Dogs, Report

ANIMALS WANDER  
OVER LARGE AREA

Fifty-One Canines Shot  
After Warden Holds  
Investigation

With two Columbiana county per-  
sons bitten by a dog, positively iden-  
tified as having rabies, and a dog  
quarantine in effect in East Pale-  
stine, county officials are watching  
closely to determine if there will be  
any spread of the disease.

Two dogs, which were killed and  
reported to be afflicted with rabies,  
by the Ohio board of health, roamed  
at large in the county for several  
days and covered an area in the  
vicinity of East Palestine, Lisbon,  
West Point and Unity, according to  
Deputy Sheriff C. E. Donahay, who  
states that it is possible that some  
stock on farms has been bitten and  
that the disease may spread.

Clifford Rolland, of East Pale-  
stine, and a Mrs. McGarvey in Lis-  
bon are the persons bitten by one of  
the dogs. The dog was killed and  
the head sent to Columbus. After  
a telegraphic report Mrs. McGarvey  
submitted to anti-rabies treatment.

A tag on the dog traced its owner-  
ship to East Palestine where it was  
found that Rolland had been bitten.  
He refused treatment and health  
authorities may be asked to ac-  
cuse Donahay stated today.

Means while a dog quarantine is ef-  
fective in East Palestine, fifty-one  
dogs have been killed. Officers,  
armed with shotguns patrolling the  
streets have shot 31.

Eight dogs are tied up and under  
observation in West Point and sev-  
eral in Unity, after they have been  
believed to have been in contact with  
the disease carrying dogs.

## DIVER AWARE OF DANGER IN RIVER

Told Friend That He Was  
Afraid of Job; But  
Went to Death

Montreal, Jan. 31.—The body of  
Peter Trans, the diver who was  
trapped under the icy waters of an  
arm of St. Lawrence river, where he  
was held prisoner for almost 72

## CONFERENCE HOPES

The London Naval Conference has settled down to the preliminary skirmishing attendant upon consideration of international affairs. Dis-

patches indicate that the American delegation chafes at the delay, a natural reaction under the circumstances, but foolish because there is no other way out. It is predicted that at least a week more will be required to work out the agenda of the conference, after which the real debates will start and last for probably two months.

The seriousness of the conference is beginning to become more manifest as time passes. While it is apparent that none of the nations are actually averse to reduction it is also apparent that all of them desire something else. The United States for example wants parity with Great Britain as much as it wants reduction; Great Britain wants a two-power standard as much as she wants reduction; France wants security first of all and considers reduction a secondary issue; Italy wants parity with France, and Japan, not so outspoken perhaps in current negotiations, will insist on perfect security in consideration of the power of the other powers.

The burst of rhetoric with which the conference opened has been stilled. The delegates are down out of the clouds and have their feet planted firmly on the ground. An open season of bargain hunting has been declared and it is safe to predict that it will be characterized by most of the traditional tactics of that activity. It is difficult to see how anyone is going to emerge from the fracas with any outstanding advantage; indeed it is to be hoped that no one will be able to do so, because it would be contrary to the ideals of the conference. If the delegates are convinced that bargain hunting is their best method of procedure nothing but failure can result.

The London conference is closely connected with the interests and the ultimate success of Ramsay MacDonald's Labor government in England. No one has a greater desire for its success than he and no one, perhaps, has a more sincere fear of its failure. It has attracted attention away from domestic problems for the moment—the same problems which spelled the downfall of the Labor government in 1924. The collapse of the London Conference would, in all probability, see the end of the MacDonald regime. On the other hand, a successful termination would certainly add to his prestige and the prospect of increased economic resources through decreased naval expenditures might well tide his government over the threatened crisis.

In the light of this condition, it is obvious that this prime minister who has attained such high international repute will spare no efforts to make the Conference a success. Americans place a great deal of trust in him.

The navy delegates are to sup off and with the solid gold table utensils of the mayor of London this week. Let us hope that there will be no disagreeable developments similar to those following the banquetting of a distinguished gathering over in France or Spain, some years ago, when it came time to count the spoils.

The New York communist so greatly worked up over the death of one of their number shot by a policeman no doubt figure that it was the duty of the policeman in question to remain passive while the rioters beat him up.

## What Others Say

**DIAMOND AND GRIDIRON**  
Cennie Mack pleaded a lost cause at Princeton university when he bespoke the same support for baseball as the student body gives football. It simply isn't in the books. As a professional sport baseball is without a rival in sustained interest, punctuated with community hysteria. If racing is the sport of kings, baseball is the sport of democracy, whereas the blackboard is a sense of proprietorship which the grandstand

can never know. The hot police sit on the throne.  
Football, per contra, is class stuff. It is distinctively collegiate. It is exclusive. It possesses, too, a aura—a smart set cadence, which baseball, however polished, does not have. Experts to professional football are frequently recorded in the mountaintop. From which it may be deduced that the enormous crowds that flock to college football are attracted thither neither by admiration for nor knowledge of the game. The gladiatorial quality of the struggle may appeal to the primitive, but the brimming bowls or saturated stadia may be largely explained because it is the thing to do.

As to the comparative merit of the two arts, let some rash adventurer, disdainful of the violent consequences, venture his opinion. But the always available visitor from Mars would, if a high-worshiper of drama, a specialty of miraculous skill haunted unceasingly with the two essentials of drama—suspense and climax. To him football would be a Therapeutic, say, enacted before Mr. and Mrs. Aristotle and all the Misses Aristos in the world. There let us leave them—both bulky games.—St. Louis Post-Dispatch.

## MAKE MOST OF VISION

There has been great progress in the past 20 years in reducing blindness in America. The National Society for the Prevention of Blindness has been carrying on a most laudable work in the prevention and cure of blindness.

have resulted in a great reduction in blindness. We must begin with the young—infants in care of the eyes. One of the commonest causes of blindness in the past has been the "sore eyes" of babies, or "ophthalmia neonatorum," as the doctors call the disease.

In most states there are laws requiring all doctors, nurses or others attending the birth of infants to care for and treat the eyes of infants at birth. As a result this disease has diminished yearly as a cause of blindness among those admitted to schools of the blind. It is said now to be 94 per cent less than in 1908. Eventually this prolific source of blindness will be overcome. The public is fast becoming edu-

ated to what the care of the eyes means. In our schools in clinics and institutions for the blind children are now given eye tests. Children with seriously defective vision attend sight-saving classes. Many of them three or four years of age are successfully tested for eyestrain. Among these children cases of serious eye troubles are remedied.

Some 202 sight-saving classes have been established in public schools of 80 cities in 18 states. Here children with little vision are given the same education as other children who have full vision. They are taught also how to conserve their remaining sight. Isn't this a wonderful achievement towards better eyesight for the coming generation?

What about your eyes? Are they bothering you? Many people suffer from eyestrain without knowing it. Eyestrain may cause symptoms far removed from the eyes themselves. One may have a pain in the back of the head or sickness of the stomach. There may be headache, indigestion, or lack of ambition to work. Itching of the eyes, redness of the eyeballs and swelling of the lids are all symptoms of eyestrain.

These are symptoms resulting from a need of glasses. It is possible to have eyestrain without having poor eyesight. Some of the best of eyes so far as vision is concerned may be the ones that are

under the greatest tension every minute.

Do not be averse to wearing glasses. If you neglect the eyes in later years you may have some serious disease of the eyes that will cause you to regret that you did not take every precaution when young.

Those of us who have normal eyesight are filled with pity for the unfortunate ones who must be blind. The life of Helen Keller is one of the most inspiring stories in the world today. Here is the story of one who has made the most of all the other faculties when that of sight is gone.

Do not take your good eyesight for granted. Make the most of your vision and give your eyes the care and attention they deserve.

## The Stars Say —

For Saturday, Feb. 1

The stellar operations for this day seem to make for very active conditions in the affairs generally although a hazardous aspect of Luna to Jupiter may somewhat endanger the financial prospects. The employment and industry are under such benefit and promising away that this menace may be neutralized by watchfulness and persistency. There is a sign of a change of beneficent and personal matters are under

a promise of gratifying developments possibly through letters. Those whose birthday it is may prepare for a year of activity in all the affairs, personal business and employment although there is a sign calling for prudence and thrift in handling the finances. The domestic, social or affectional interests may be enlivened by writings or correspondence. A child born on this day may be very clever and versatile in either art or letters. It should make a gratifying success through its practicality as well as by its sharp insight and original genius.

## FORCES QUIET IN LAKE ERIE RAIDS

Federal Officials Admit Arrest But Refuse to Disclose Facts Of War on Syndicate

Toledo, O., Jan. 31.—Mystery today continued to surround the activities of federal prohibition officials who are probing the huge Lake Erie rum-smuggling conspiracy. Officials admitted, however, that another arrest had been made, but refused to disclose the name of the prisoner.

The conspiracy is alleged to have been headed by James Courtney, of Toledo, and D. F. Coughlin and Larry Davidson, of Cleveland. Courtney is still at large.

Coughlin has been bound over to the grand jury under \$3,000 bond and Davidson is at liberty under bond of \$12,500, awaiting action of the jury.

**STYLE EDICTS**  
Paris, Jan. 31.—Paris "petites robes" are putting all others in the background this winter. Charming little affairs worn under one fur or tweed coats, practical, pretty and presentable upon all occasions.

They are generally made of light weight woolen cloth resembling jersey in elasticity, but much newer and finer than the jersey weave which has so long been in vogue. They also come in one of the recently two shades of the same color or are used, stress is put upon very simple but smart trimmings—well cut shaped sections and inset pieces or broad bands, perfectly tailored, pleated and with varying, the fronts and left labors to give the feminine touch.

Particularly pretty is a petite robe with a straight black skirt buttoning left side and a pink blouse tucked in at the waist. Just below the waistline over the front and back of the skirt two long points of pink material run parallel, giving the very chic note.

The Centaine Pal de St. Paul has been seen in a very smart, petite robe of light-weight tweed in brown. It has a white silk power tie, a narrow belt at the natural waistline, fitted yoke and deeply-pleated skirt below.

A little shoulder-cape finishes a petite robe from the dealer's in this beige tweed, looked with white. The skirt is most intricately cut, clinging to the figure with decided flary trim. The hem. The white stitching on the belt and wide gauntlet cuff is repeated on the cape which has a military collar.

Many petites robes favor those little capes which can be shaken on or off according to the wearer's moods or the weather. They are quite independent of the robe and just tied on by streamers knitted in the front. The cape idea gives promise of becoming very important by the time spring comes around again.

Iron ore deposits on Kosciusko island, off the northwest coast of Australia, are to be developed.

The trucks of 4,000 elephants are needed each year to meet the world's demand for billiard balls.

## Negro Pays Penalty On Prison Gallows

St. Louis, Jan. 31.—After a night of continuous prayer William M. Moseley, 34-year-old negro, went to his death on the gallows here today. Moseley was executed during the last dragging hours of the death watch by Father Devlin, the jail chaplain and a negro priest.

The trap was sprung at 10 minutes after six.

Moseley was convicted of murdering his common-law wife, Mildred White and two white persons. He ran the woman into a grocery store, beat her for "trifling," shot her fatally and stabbed her five times with a cheese knife. When Marcus Bass, the grocer, and his wife attempted to flee, Moseley shot them to death.

## "Konjola Did More Good Than All Else Tried"

Victim of Nervousness and Pain Found First and Only Relief In New Medicine.

MR. LEVI ROMAN

"Konjola did me more good than all the medicine I tried," says Mr. Levi Roman, 2464, Germantown street, Dayton. "For a long time," he adds, "I suffered from extreme nervousness and pain throughout my body. I was weak, worn out and tired all the time, and kept getting worse as medicine after medicine failed."

"Konjola was recommended to me, and it certainly turned out to be the very medicine I needed; the medicine I should have had in the first place. I took six bottles, and in six weeks my nervousness and pain, and every sign of pain had vanished. My appetite is fine and I sleep as I should. My work is a joy instead of drudgery, and all this new and glorious health I owe to Konjola. No wonder this medicine has won more than a million friends. I recommend it to one and all, for Konjola is certainly a medicine of performance instead of promise."

Konjola is sold in Salem at all J. H. Lease (Mr. Kaminsky) drug stores, and by all the leading druggists in all towns throughout this entire section.—Adv.

## HYDE EXPLAINS FARM PROBLEM

Too Great Expansion Said Cause of Trouble In Many Countries

Springfield, Ill., Jan. 31. — The plight in which agriculture finds itself is not due to any one cause but to many, while the whole program of economic equality for agriculture is a broad one, Secretary of Agriculture A. M. Hyde told the Illinois Agricultural association today.

One element of the farm problem which has been an important contributing cause of agricultural distress is over expansion, he said. This is not confined to the United States but is also to be found in Europe. There has been a great increase in land under cultivation in relatively new agricultural countries and a tremendous expansion of tropical agriculture, he said.

Hyde said other nations were striving to emulate the efficiency of the American farmer, pointing out that in five years exports of American farm machinery have nearly doubled, rising from \$9,000,000 in 1924 to \$16,350,000 in 1928.

"These figures take no account of the production of American owned factories in Canada, Sweden, Germany and France," he said. "The manufacture of agricultural implements in these countries has greatly expanded since the war. Notable among them is Germany, who has almost literally beaten her sword into plowshares by turning her great Krupp gun works over to the manufacture of farm machinery."

## COLUMBUS HAS HOME BOMBING

Police Believe Blast Is Result of War Waged By Picture Men

Columbus, O., Jan. 31.—Believed to be a warning against non-union motion picture operators, the home of Edgar J. Smart, on the west side here, was partially wrecked by a dynamite blast today.

The bombing is believed by police to be a warning to Edward J. Smart, the son of the owner of the home, who is an operator at a downtown theater.

The rear porch was completely torn from the house and almost every window in the building was shattered. Several pieces of furniture in the rear of the home were hurled through windows.

Young Smart was instrumental in organizing a group of independent workers who are employed by a group of theaters under the management of J. Real North. He was not at home when the blast occurred. He is being questioned by police.

The blast caused the collapse of the youth's 63-year-old mother, Mrs. Loretta Smart, who is being treated by physicians for shock.

A police guard has been placed around the damaged dwelling to prevent any further outbreak.

The bombing is regarded as a climax to a conflict between local projectionists, which has been raging here for several months. Union officials are expected to investigate the trouble.

## MOVIES

"LOVE COMES ALONG"

At The Grand

Bebe Daniels may have surprised in "Love Comes Along" as she will absolutely steal the show. Her work in "Rita" is nothing to compare with this latest effort. All of which simply means that "Love Comes Along" is a box office hit.

The story has its weaknesses. The various dancing girl—the bold bad character who has designs on her—the simple woman with whom she falls in love and the South American atmosphere have all become familiar. But here it is done in a charming manner.

Lloyd Hughes as the sailor uncovers a phasing singing voice—he will be much in demand. Ned Sparks as his buddy is a panicky can get more laughs from single line than were written in it. Montague Love, handicapped by a broad dialect and a broad characterization does excellently.

Without pomp, with no scenes in order, devoid of the revue complex "Love Comes Along" can stand with any in its appeal to the public.

**"THE KISS"**

At The Grand

In "The Kiss," her new starring film, Greta Garbo provides another of her constantly changing characterizations which keep her admirers on edge for her latest offering.

The exotic star this time turns tragedienne, a role in which she accomplishes a transition of superb finesse.

Conrad Nagel plays opposite the star in this French romantic drama. Anders Randolf contributes a fine portrayal of the brutal husband and Lew Ayres, as the youthful lover, wins appeal. Holmes Herbert is the boy's father.

**TALKING SERIAL**

At The Grand

An unusual mystery serial is at the State theater. It is called "The King of the Kongos" and features Jacques Logan and Walter Miller. Mrs. Logan plays in a serial production for the first time.

**Student Killed**

Delphos, O., Jan. 31.—Injuries which she sustained when the automobile in which she was riding overturned, today had proved fatal to Leona Briggs, 16-year-old Delphos high school student. The accident occurred near Van Wert late yesterday when the car struck a pile of stones.

# East Palestine Points For Victory Over Salem High Cagers

## Rivalry Of Many Years Exists Between Teams Who Meet Here Tonight

With rivalry existing between the two schools dating back into the earliest of Columbiana county athletic annals, another struggle for sporting supremacy between Salem High and East Palestine basketball teams is anticipated when cage representatives of the two schools clash at the Salem gym tonight.

East Palestine expects to trim the Stonemen. There are no words wasted by Brown and White fans in voicing confidence of victory, and the bitterness of the antagonism between the two when they clash tonight is expected to be revived once again.

"Beat Salem" has been the slogan of Palestine's athletic realm for the past four years and reached a climax in the 1929 football season when the Red and Black was fought to a standstill by an inspired Brown and White delegation. "A decision over a Salem High team has not been recorded by Palestine for years over in football and few times in basketball, but the same confident atmosphere which pervaded Brown and White quarters last football season is apparent once more.

**Record Only Average**  
Palestine's record for the season in basketball is little better than average. Its percentage record is by far better than Salem's but the class of opposition both teams faced was of two different fields and there is no comparison available there. The Brown and White has trimmed Struthers, Girard and other minor opponents and lost to Canfield and Lisbon. Three veterans are back from the team which held Salem to a 31-29 score last year.

On the face of it, Palestine looks easy to the average Salem

## Schmeling Out Of Boxing Due To Bad Tendon

### Auto Accident Results In Forced Lay-Off From Several Bouts

BY DAVIS J. WALSH

New York, Jan. 31.—Max Schmeling has not been back fighting in America because he has been unable to fight anywhere, owing to a bad tendon sustained in an auto accident, the writer was informed today by a man whose authority to make statements of this kind cannot be questioned.

Schmeling, he says, had been in bed for weeks only a short time ago, the nature of his injury being defined as "tendosynovitis," which in 50-cent English is said to mean inflammation of the tendon. The inflamed area, it seems, is in one of Schmeling's knuckles.

It is said that it wasn't until recently that he was able to get about unaided.

The accident occurred early in the fall and so painful was the injury that Schmeling not only has been prevented from doing any serious training since leaving America but the sponsor for this story traces the successive postponements of his promised return to this source. Schmeling, he said, would have been back in America long ago had he been physically able to do so.

### May Not Meet Maloney

Serious doubt thus is cast upon the German's ability to go through with his proposed fight with Jimmy Maloney in Berlin some time in March. Great care, it is said, must be exercised against a recurrence of the trouble, which is represented as being not only painful but reluctant of cure and often chronic.

Handling is scheduled to return to America in April to begin training for his world's heavyweight champion fight with the Sharky-Scott winner at the Yankee Stadium on June 26.

One of his last public showings in Germany, it appears, was in October. On this occasion, he was scheduled to be introduced from the ring at one of the big fights over there and it was said that he hobbled into view, using a cane, descending the steps after the introduction. I am informed that he slipped, badly wrenching the injured ankle; also that he thereupon retired to his bed and did not arise for weeks.

At the time, the writer was shown a cablegram from Schmeling to his step-manager, Joe Jacobs. The German referred to the injury but made light of it; in fact, I believe he intimated that he got it in "jumping from a stage," which I judge to be one of the many things a man with tendosynovitis does not do.

At the same time, I happen to know that when the Tunneys visited Berlin a few months ago Schmeling sent flowers to Mrs. Tunney and was duly thanked and invited to dinner. He said he would but didn't because he couldn't. The reason he couldn't and didn't, I am told, is that gentlemen almost never call upon society ladies on a stretcher.

This, however, is the way the story comes to me and, considering the probability of the man who sponsors it and the fact that Schmeling has displayed incomprehensible reluctance to renew his acquaintance with the adult money over here, it is not without plausibility.

## THE DAY In Sports

"AND IN THIS CORNER" YOUNGSTERS TRY BASEBALL

William Harrison Dempsey, oft-termed the greatest drawing card in the athletic world, regardless of its Granges, Congers, Sharkeys and what-not, visits this sector of good United States terra firma for the first time as third man in a fictitious tonight. He serves in the capacity as boss of the warfare between two downed heavyweights in the main bout of a high class embroglio at Canton's public auditorium tonight.

Champion for seven years, new comes the information from Dempsey's secretary that he accumulated the vast amount of \$20,000,000 from his bit of fistie warfare. This includes movies, vaudeville, refereeing and the many other capacities he has commercialized in during the last decade. But \$20,000,000—who can blame the country's young collegians from leaving college for the baseball diamond or boxing world?

Canton really has a choice fight show billed for tonight and those bugs who don't care so much for high school basketball, can't afford to let it pass. It features representatives from all classifications and has some lads that have won high ratings in fistiani for their prowess as pugilists.

Youth will be served to the public in large lots this baseball season if only a part of the youngsters who make southern trips with major league teams earn permanent berths on the roster of the 16 teams. Judge Landis has just issued the information that there will be more than 150 aspiring lads taken to training camps in spring months. The National league will put 76 through the mill while 83 will be tried out in the American.

This great number of rookie talent is due mainly to the fact that older players are gradually giving in to Father Time and slowing down. The majority of the rookies will undoubtedly find their way back to the minors for further seasoning but out of the entire crop there will be found some of our future stars.

Eager to pick up promising youngsters, the major league magnates still hesitate about letting loose of the older material whose value has been proved through a strain of bitterly fought pennant races and for this reason many of the youngsters, deserving of more opportunity in the big show than they are given, are soon let loose.

### Fight Results

At New York—Pete Hartley and Larry Marincul, welterweights, drew (10). Frankie Johannes and Sid Reider, lightweights, drew (10). Frankie Cardello kayeed Freddy Raymond (20).

At Newark—Fred Palo, Newark, defeated Young Terry, Trenton, N. J. (10). Joe Moresco, Orange, N. J. knocked out Joe Gutierrez of Cuba (8).

At Miami, Fla.—Bob Godwin, Daytona Beach light heavyweight, defeated Ernesto Sagues, Chile, (10).

At Pasadena, Calif.—Cecil Payne, Louisville, Ky., junior lightweight, scored a technical kayo over Bud Eades, Pasadena, (8).

At McKeesport, Pa.—"K. O." Kelly, negro welterweight of Akron, O., defeated Gene Moretti, Atlantic City (10).

### 22 Giants Sign

New York, Jan. 31.—Signed contracts of the New York Giants for the 1936 season mounted to 22 today with the signatures of Jim Tennant, a pitcher from York, Pa., and Harry Ballow, second baseman, who was purchased from San Antonio in the Texas league.

## Jewelers Protest Defeat At Hands Of Grate Motors In Class A Tilt; Champs Win

Handed a 32-18 setback by the new Grate Motors team, the Art Jewelers cage five filed protest against their defeat with Joe M. Kelley today, final action in the matter being held over pending appearance of the case before the league arbitration board.

The motors presented an entirely new array of stars and smothered the jewelers with a strong offensive attack and outplayed them in the entire game at Memorial gym last night. The team was composed of out-of-town players and included Johnny Hawkins, formerly with the Salem Mullins semi-pro five, and three Damascus Quaker performers. The Jewelers were swamped in the first half by a 14-3 score and held to seven points for three quarters.

The Golden Eagle opened its second half campaign with a 30-15 victory over the United Cigars, regaining the lead in the final quarter.

### Senior Sextet Trims Juniors

#### Upper Class Girls Nose Out Opposition By 11-6 Score

Senior lassies trimmed junior class maidens, 11-6 in a hard-fought battle at the high school gym Monday. It was an inter-class league game.

The seniors held an 8-2 lead at the half but juniors rallied in the third period, which ended with the score 8-6. The juniors were held scoreless in the final session while the seniors cinched victory with one field goal.

Smith tallied all of the losing senior's points while Moores led the senior team in scoring. Summary:

entered in a great final-period spurt which netted the champions 13 points while the Tobies were held scoreless.

The Cigars outplayed the Birds throughout the first half but their defense collapsed in the third period, when the champs noosed ahead by two points. Herm Litty, keyman in both offense and defense for the Cigars, was ejected on fouls in the fore part of the final quarter and the team collapsed completely.

Fender Benders took their second straight decision in the Class B league, trimming the Little Gems 16-12 in the prelim. Summaries:

## WINONA

An attendance of over 100 members and friends of the Butler-Perky Township Farm Bureau meeting, held at the Methodist church Wednesday evening enjoyed the splendid home talent program.

The debate—Resolved that it takes more executive ability to

manage a house than it does a farm. Mrs. Frank Fink and Mrs. Aida Gamble affirmative with N. N. Van Buren and Miss Satterthwaite defending the negative side was much enjoyed but on account of the prejudice resulting from the sex side of the question no impartial judges were found and we are not informed who won the debated question.

# STOMACH DISORDERS CORRECTED BY OWA-TON-NA

Steel Worker Finds This Fine Old Indian Remedy Just the Thing for Sufferers from Indigestion

So successful has Owa-Ton-Na been in stomach disorders, that many now keep it handy for emergency. You too, will be pleased with the mild and prompt action for which Owa-Ton-Na is noted. Another Canton resident who had found Owa-Ton-Na just the remedy he needed is Mr. Harold Daze, 1253 Park ave. Canton, Ohio. He says:

MR. HAROLD DAZE

For the past three years I have suffered considerably with indigestion and constipation. Headaches were getting more frequent and the suffering caused me many days of distress. I got to the point where most any kind of food disagreed with me. My appetite was poor and often a meal I did not care to eat. Constipation allowed harmful poisons to accumulate in my body which made me feel tired and sluggish all the time. So many of my friends had taken Owa-Ton-Na with great success that I wanted to say that it did wonders for me.

"My headaches are gone. I get up in the morning feeling rested and refreshed instead of tired and worn out as I used to. Owa-Ton-Na is a wonderful remedy and certainly is the finest thing I have ever tried."

# RADIO

NEWS AND PROGRAMS

**CROONING WILL OSBORNE**  
Radio fans who tune in to the Columbia network at 6:30 tonight will, if they are unfamiliar with the program, be aware of dialing in to entertainment similar to that offered by Rudy Vallee and his eastern orchestra troupe. It is because Will Osborne, leader, director and vocalist of the orchestra to be transmitted by WABC is the possessor of a voice so similar to Vallee's that there is nothing to differentiate the two programs except by usual announcements. Osborne though, is rapidly eclipsing the Vallee program in popularity. His voice will be heard from WABC, WHK and WJAB.

**LAST NIGHT'S RECEPTION**  
It was a bad night for radio listeners most of last evening and long distance bugs had little opportunity to test their ability to bring in far away stations. Atmospheric conditions were such that only nearby and the stronger broadcasters were available most of the evening. Occasionally this noise did not but it returned quickly. Few listeners reported any good results from long distances.

**TONIGHT'S FEATURES**  
The Cities' Service broadcast at 8 p. m. over WTAM features Jessica Dragonette, soprano; John Seagle, tenor; Milton Rottenberg and Frank Banta, pianist and Rosario Bourdon as director of the Cavaliers. True Story travelers tell the tale of "Three Hearts Aflame" over WADC and WHKW at 9. The famous Confederate general, Robert E. Lee, lives again in the Historical Highlights from WLW at 10:30. KDKA and WLW radio-cast "Lady Hamilton" as the title of the Famous Loves Sketch at 10:30.
